INSURANCE REQUIREMENTS
[MUST BE SUBMITTED WITH PROJECT PROPOSAL]

To be awarded this contract, the successful bidder must procure and maintain the following types of insurance with coverage limits complying, at a minimum, with the limits set forth below:

<u>Type of Insurance</u>	<u>Limits</u>
Commercial general liability:	\$2,000,000
Business automobile liability	\$1,000,000
Workers compensation	Statutory requirement.

Commercial general liability insurance must meet or exceed the requirements of ISO-CGL Form No. CG 00 01 11 85 or 88, or equivalent. The amount of insurance set forth above must be a combined single limit per occurrence for bodily injury, personal injury, and property damage for the policy coverage. Liability policies must be endorsed to name the District, its officials, and employees as “additional insureds” under said insurance coverage and to state that such insurance will be deemed “primary” such that any other insurance that may be carried by the District will be excess thereto. Such endorsement must be reflected on ISO Form No. CG 20 10 11 85 or 88, or equivalent. Such insurance must be on an “occurrence,” not a “claims made,” basis and will not be cancelable or subject to reduction except upon 30 days prior written notice to the District.

Automobile coverage must be written on ISO Business Auto Coverage Form CA 00 01 06 92, including symbol 1 (Any Auto).

The bidder must furnish to the District duly authenticated Certificates of Insurance evidencing maintenance of the insurance required under this Agreement, endorsements as required herein, and such other evidence of insurance or copies of policies as may be reasonably required by the District from time to time. Insurance must be placed with admitted insurers with a current A.M. Best Company Rating equivalent to at least a Rating of “A:VII.” Certificate(s) must reflect that the insurer will provide 30-day notice of any cancellation of coverage. Unless otherwise authorized by the District, the bidder will require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word “endeavor” in any notice provisions. Determinations regarding compliance with the Ventura River Water District’s Insurance Policies are made by the District General Manager, or designee.

Should a bidder seek to utilize an umbrella insurance policy to meet the District’s insurance requirements, then it must submit a copy of its insurance policy with its bid. Such insurance policy may be labeled “Confidential – Proprietary Information” and will be utilized by the District solely to determine whether the insurance is equivalent to that required by the District’s Insurance Policies.

By signing this form, the bidder certifies that it has read, understands, and will comply with these insurance requirements if it is selected as the District's contractor. Failure to return this form may render the bidder's proposal "nonresponsive."
